

**JUNE 5
7PM**

**FREE & Open
Public lecture
about STEM,
featuring the
MATH &
history of A.I.
from 1956 to
the present!**

**90 minutes of bad
lecture on comp
science, math and
our search for A.I.**

**EVERYTHING
YOU EVER
WANTED TO
KNOW ABOUT** ۱۱۱

**The simple math behind
ARTIFICIAL
INTELLIGENCE
& MACHINE
LEARNING***

**It's just math. Mostly algebra. And lots of wishful thinking.
Not to mention seven decades of smart people, hucksters
and shadowy figures all bent on building machines that
could talk to us, outsmart us and one day ENSLAVE us all!
Any day now... for the last fifty years . . . AND THE NEXT!**

**DENNY'S
3525 N.
Division st.**
Near Northtown -
Please purchase
Food/drinks from
our gracious host!

***BUT WERE
AFRAID
TO ASK!**
